

# Boulder Hot Springs

June 2009  
Volume 19, Number 11

Hello, and greetings from Boulder Hot Springs!

First of all, I want to share that we've had a busy spring with lots of workshops, retreats and other special events. Thanks to all of you who were here for different group gatherings, for our dinner theatre event, and for our Easter and Mother's Day Buffets. We have a Prime Rib Buffet coming up on Father's Day (June 21), and hope you can join us for this as well.

Traditionally, we have served a gourmet chicken dish for Mother's Day, and last year some of the moms said, "Why do the men get prime rib (for Father's Day) and we always get chicken?" So this year we tried something new and had prime rib for Mother's Day. The buffet was well attended and when we did a survey asking the moms what they would like next year for Mother's Day, prime rib was the favorite choice by far.

I want to thank Linda Piccolo and her drama students for performing "Murder in Peace Valley" here at Boulder Hot Springs. This dinner theatre event was a huge success. The dinner was lovely, and the performers did an excellent job. Thank you Linda and the Jefferson High Drama Department!

Another thing I would like to share is that we are continuing to make improvements and restore the west wing of our building. The bathrooms off the west wing lobby are almost finished. Another big thanks to those of you who made contributions to our donation box for the ongoing restoration of the Hot Springs. These contributions sure help and are much appreciated.

Lastly, this next topic is not so easy to talk about. Unfortunately, we have been having problems in the men's indoor pool and steam room area. Periodically, we have had to deal with an occasional man or men acting out in indecent and illegal sexual behaviors. We have always had zero tolerance for these types of behaviors and have decided on a strong stance of prosecuting all such activities. We are a public facility that welcomes families. This kind of behavior is totally unacceptable and unwelcome here. Rest assured, therefore, we will prosecute any and all such behaviors. We are asking for your assistance in eliminating these problems. If you notice or suspect anything, please report it to the front desk immediately. The sheriff's department is aware of these problems, and have already apprehended some of the offenders and will continue to do so. We want the Hot Springs to be a safe and comfortable place for all, so please help us.

We, here at the Hot Springs, wish you a fun and delightful summer.

All the best,  
*Kerri, General Manager*

# THE ARTS AT BOULDER HOT SPRINGS

## Photo Display By Erin Martin

June 24 thru August 2009

Artist Reception on Sunday June 28, from noon till 2 pm.

Erin Martin has had one eye open to the camera since the age of 8. It was in grade school that she developed her appreciation for capturing nature, people, color and all their unique splendor.

Erin has maintained her life-long interest in photography and seizes every opportunity to further her art through continued education and lots and lots of clicks. She admires legendary photographers like Ansel Adams, Gaylen Rowell and Larry Hatlett.

A former Navy sailor, world traveler and life explorer, Erin is a Helena, Montana native. She rarely misses an opportunity to capture the moment from Montana's mountain glaciers to the streets of Istanbul, her camera tells the story.

## Boulder Hot Springs Staff Artisan's

Sept thru October 2009 with Artist Reception on Sun., Sept 20  
from noon till 2 pm

Sketches by Anita Mehus: A collection of sketches that was simply inspired by the beauty and grace of North American birds. She often selects animals as her subjects, and birds which are so interesting with their variety of characteristics.

Anita grew up in Wyoming and Montana and feels along with many of us a little piece of joy when we watch a bird hanging out at the bird feeder we just set up for them.

Paintings by Aimee Kolstad Heimberg: A collection of paintings that reflects on the surroundings of her environment and executes relationships between land, space and time while offering insight and pleasure. Born and raised in Montana, Aimee grew up seeking an artist friendly lifestyle in which she could feed her imagination and escape into a quiet sanctuary of meditation. Living in the Boulder Valley allows her to execute the relationships between land, space and time, while offering insight and pleasure.

## UPCOMING GROUPS & EVENTS

June 13 - 19: LIP Intensive

*The purpose of an Intensive is to provide an experience in the Living in Process® approach and community while confronting the addictive process. This work is not therapy, nor is it based on the scientific model out of which therapy comes. It is an alternative. Intensives are a door into a new paradigm. Living in Process® work was developed by Anne Wilson Schaefer. People who are in the Training with her are now facilitating Intensives here and throughout the country.
